

ONE HUNDRED EIGHTH LEGISLATURE

SECOND SESSION

**LEGISLATIVE RESOLUTION 430**

Introduced by Bostar, 29.

PURPOSE: The purpose of this resolution is to propose an interim study to examine the impact of artificial intelligence on Nebraska's private and public sectors, including the technology and insurance sectors.

Artificial intelligence technologies have emerged as transformative tools with the potential to significantly impact workforce dynamics, operational efficiencies, and technological advancements. Nationally, state governments are recognizing the importance of understanding and adapting to the implications of artificial intelligence adoption to ensure effective governance and service delivery.

Given the potential impact of artificial intelligence on the public and private sectors, a comprehensive examination of the effects of artificial intelligence on Nebraska's workforce, operational efficiencies, and technological landscape is essential for informed decisionmaking and strategic planning. It is imperative to assess how artificial intelligence adoption can enhance productivity, improve service quality, and foster innovation, while also addressing potential challenges related to workforce displacement, skill gaps, and equitable access to technological resources.

This study shall include, but need not be limited to, an examination of the following:

(1) The current and potential impact of artificial intelligence adoption on the state economy, including changes in job roles, skill requirements, and workforce development needs;

(2) The extent to which artificial intelligence technologies can enhance operational efficiencies, streamline processes, and optimize resource allocation;

(3) The role of artificial intelligence in driving technological advancements and innovation within Nebraska, including influence of artificial intelligence on digital transformation initiatives and emerging technologies;

(4) Key challenges and opportunities associated with artificial intelligence integration, such as workforce reskilling, data security, ethical considerations, and stakeholder engagement; and

(5) Potential recommendations for policies, regulations, and investment strategies to support responsible artificial intelligence adoption, to promote workforce resilience, and to harness the full potential of artificial intelligence technologies.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDRED EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Banking, Commerce and Insurance Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.
