Any Fiscal Notes received from state agencies and political subdivisions are attached following the Legislative Fiscal Analyst Estimate.

LB962 would prohibit the use of certain projection maps in public schools & require each school board to adopt a policy relating to projection maps.

Beginning with the 2024-25 school year, a public school districts will not be allowed to use Mercator projection maps. Schools will only use the Gall-Peters projection map or AuthaGraph projection map for display or use in the classroom.

A Mercator projection map may be used in a classroom in conjunction with other projection maps in a teaching exercise to demonstrate that all maps are flawed in some way & different map projections serve different functions & may affect how an individual views the world.

EXPENDITURES:

There could be expenditures at the school district level if they need to switch projection maps, but that amount cannot be determined at this time.

No Fiscal Impact.
