Urban Affairs Committee,

In regards to comparing other states and municipalities, the City of Scottsbluff is aware the following cities require plumbing licenses:

- Alliance
- Chadron
- Sidney
- North Platte
- Torrington, Wyoming
- Gering

The City of Scottsbluff is contracted to oversee plumbing work and plumbing licenses in the City of Terrytown. Scottsbluff and Gering work closely together and notify each other about a plumber when substandard plumbing work is found during an inspection.

Sincerely,
